## Other information

### Possibilities for stay:

#### Sleeping in the house of a sailor

There is a possibility for a number of sailors to spend the night in the house of a fellow sailor, when registering for this can be specified. Local sailors like to offer a place to sleep to spend the night close to the lake. Not only practical but of course also very cozy.

## NK Sailhorse

We are honored to receive the ONK Sailhorse again on the Paterswoldsemeer. A lake where the Sailhorse class is still present in large numbers. We are looking forward to a nice field of participants from inside and outside the region to compete on the challenging lake just south of the city of Groningen. We hope for an exciting battle on the water and a lot of fun on the side. Our clubhouse, the facilities and a team of volunteers are ready for you to make it a successful weekend together.

We look forward to seeing you in September.
